## Child Protection Committee

we, at ICI college adopt a policy of Zero Tolerance for any kind of abuse to our children giving rise to the formation of a Child Protection Committee. Everybody's job is to ensure that our child is safe. We go to great lengths such that a child is safe and secure and we bear a moral responsibility towards each and every child's safety. This is the ethos behind the endeavor of forming a Child protection Committee at ICI College. We as a committee of like minded fellow human beings strive to work out a stringent policy of Zero Tolerance towards child abuse in any form be it verbal or physical. We strongly believe that it is the basic human right of a child to be safe and secure.
